Electronics Technician (ALSIP)
5821 W 116th Street near 116th & Mayfield Ave

compensation: Based on experience

employment type: full-time

Peterson Electro-Musical is a world leader in the design and manufacturing of electronic and electro-mechanical equipment for the music industry. Founded in 1948 and still family-owned today, we have an outstanding reputation in our field and are now looking for a production-testing technician to ensure the proper operation of a wide variety of circuit boards and finished products.

Experience in testing and repairing electronic circuitry is essential. Familiarity with various test equipment such as meters and scopes needed. A good eye for visually inspecting small parts on printed wiring boards as well as an excellent work ethic are required. Experience with replacing components on Surface Mount Technology (SMT) boards is a plus.

This position offers a 40-hour work week Monday-Friday 8:00 AM to 4:20 PM in a pleasant work environment. Competitive pay and full benefits are included.

See www.PetersonTuners.com and www.Petersonemp.com for a glimpse at our company.
